# VIETNAM

June 2020

## Days 1 - 2: Depart USA / In transit

### Day 3: Arrive Hanoi

Xin Chào and welcome to Vietnam! Settle into your accommodation and get your bearings in the incredible capital city of Hanoi - famous for its mesmerizing Old Quarter.

### Day 4: Hanoi to Mai Chau

Get your first glimpse of the beautiful Vietnamese countryside as you make your way from Hanoi to your community project in Mai Chau. Mai Chau is approximately 170km west of Hanoi and is surrounded by lush green valleys and rows of traditional stilt houses.

### Days 5 - 8: Mai Chau Community Project

Kick off your community project in Mai Chau. The houses in this region often lack in basic sanitation and facilities. The local families are not able to afford to install bathrooms or in some cases, kitchens. Each team's project will vary depending on the needs of the community, but in the past, teams have supported the building of basic toilet blocks and kitchens - working with local tradesman to improve general health in the community. In the afternoons, take part in bamboo weaving classes with local artists or traditional Vietnamese cooking classes!

Unearthed's commitment and partnership with the UN's Sustainable Development Goals aligns your project with Goals 4 & 6: Education and Clean Water and Sanitation

### Day 9: Mai Chau to Hanoi

Say goodbye to your new friends as you make your way back to the city lights of Hanoi. Famous for its French architecture, incredible food, markets and of course - Vietnamese coffee, there's so much of Hanoi to explore!

### Day 10: Hanoi to Halong Bay

One of the most enchanting and mesmerizing experiences in Vietnam – Ha Long Bay is a tropical paradise and UNESCO World Heritage site! Board a boat and sail off into Dragon Bay, sitting down to a spectacular seafood lunch as you pass through the breath-taking limestone karst island formations in the bay. You'll get to explore Thien Cung cave before anchoring the boat for a swim and a sea kayak on the calm, gentle waters of this emerald green bay. Overnight on your very own private boat and eat like a king under the stars! This is a perfect time to reflect on your previous days with the Mai Chau community project.

### Day 11: Halong Bay to Hanoi

Today you will continue to sail through the bay. Experience the life of local fishermen and their families at a uniquely Vietnamese floating village. In the late afternoon you'll return to the pier and make your way back to Hanoi.

### Day 12: Hanoi

Spot the One Pillar Pagoda and the Temple of Literature as you embark on a full day tour of this enchanting city. Begin the day with a visit to the Ho Chi Minh Mausoleum Complex and finish with a walk around Hoan Kiem Lake where the day will end with a delightful traditional water puppet show. In the evening head to the airport for your departure home.

### Day 13: Arrive Home

# BOOK YOUR TRIP

Your Booking Form Link: [unearthedtravel.com/slcvietnam](http://unearthedtravel.com/slcvietnam)

## Step 1
